FILLED THE JAILS WITH LAW VIOLATORS

Judge Ross Cleared Docket of 300 Cases and Sent 225 to Various Jails.

After holding the Federal court at Cookeville for a little less than two weeks, Judge Ross, Cleared the docket last week. He sent several to the penitentiary at Atlanta, Ga., and sent 225 to the various jails of the district and some to Nashville, because the designated jails of the district could not accommodate them.

Those from this county who were before him were: Mollie McLean, Bill Greaver, Marvin McBride and Burrell France. McLean and Greaver were acquitted. The case of McBride was continued until next term of court. France was fined \$100.

It is claimed now that the most an attorney can do for his client when he comes before Judge Ross is to select the jail for his client, and even in that the lawyer fails sometimes.

HOLIDAY GREETINGS

To Our Customers and Friends: The year is drawing to a close and we find from our records that our sales for 1921 are far in excess of our expectations. In view of the dire predictions of the pessimist and the real unfavorable conditions existing through the country, we feel greatly encouraged and wish to express our hearty appreciation of the patronage of our customers who have made this success possible; and, speaking of our customers, we honestly believe they, as a class, are the best people in the world. Ninety percent of them have been trading with us constantly for years, and they are our warm personal friends. It has always been our policy to serve the small buyer as faithfully and efficiently as we serve the larger ones.

We are looking to the future with hope and are expecting a big business during the coming year. As usual, our lines will be standard and our prices guaranteed as low as can be found anywhere.

We thank all our friends and customers everywhere for the generous patronage during 1921, and wish for them and their dear ones in their homes all the comfort and happiness of the Yule-tide and abundant success and prosperity during the coming year.

SOME HELP IN ADVERTISING

MANY a merchant has wondered how he could improve his advertising. He believes in advertising. He uses it. But somehow, busy as he is, he often finds it hard to prepare his ads as he feels they should be prepared.

Down here in the Advertising Club of St. Louis, we have worked up a series of short advertising helps—like this regularly in this newspaper. They will be written by St. Louis advertising specialists—to help others.

Merchants can profit by these helps. They cost nothing. They are brief and easy to understand.

Perhaps you will save the series for reference. Occasionally consult your editor. He can help you.
